

THE CURRENT ONTARIO CURRICULUM

- This is not about equality or anti-bullying, it is about sexualizing your children.
- A convicted child sex offender contributed to the current curriculum.
- The biology of male and female has been replaced by 107 gender alternatives. Parents and students are losing their rights to opt-out.
- The government and schools, not parents, are making decisions for your children.
- Children are being taught sexual practices that are age-inappropriate at a time when their brains are highly impressionable.
- Schools are promoting harmful behaviors while claiming to protect kids.

WHY ARE WE SHARING THIS INFORMATION?

- To eliminate sexual grooming and pornographic material from schools and libraries.
- To alert parents, child trafficking is happening in our communities.
- To return parenting to parents and keep the government out of our families.

The majority of this information is focused on children but we recognize the strain on parents, family, and friends.

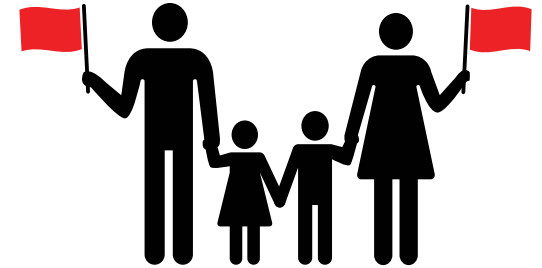

Voicing your concern is not hateful.

PARENTS, DID YOU KNOW?

Children are being exposed to sexually explicit material in school.

Your rights as parents have been overruled by Canadian law.

Children are being used as pawns for profit and votes.

Your local police are aware that child trafficking is happening in your community.

DANGERS OF GROOMING

- Kids experiencing normal childhood angst are being influenced by peers and social media to question their sexual orientation and gender identity.
- Children are being lured into relationships that are dangerous, often with 'trusted' older persons.
- Children are being sexualized and robbed of their innocence when they should be enjoying childhood.
- Vulnerable, manipulated, children are prime targets for child sex traffickers.
- You and your children are being lied to and manipulated.

HARMS TO CHILDREN AND FAMILIES

- Transgender indoctrination is creating a crisis in our society.
- Teaching a child to question their biological sex, is mentally & emotionally destabilizing.
- The suicide risk is much higher in people who medically transition.
- If/when pedophilia is declared a sexual orientation it will be decriminalized.
- Adolescents are susceptible to the deception, and manipulation tactics used by predators in our community for sex trafficking.

MEDICALIZATION

Some side effects of gender affirmation treatments:

- premature menopause
 - risk of infertility
 - permanent loss of sex organs
 - reduced life expectancy
 - kidney failure
 - heart attack
 - blood clots
 - bone loss
- Children who suffer from gender confusion often have pre-existing mental health issues, unstable homes, autism, or a history of abuse.
 - Children who undergo gender affirmation treatments become medicalized for life.
 - Some doctors and pharmaceutical companies are getting rich while costing our over-burdened healthcare system millions of dollars.
 - Tragically, many people will *struggle* with life-changing consequences for a decision they made as minors.
